Youth Programs Youth Descriptions

- ◆ We run our youth programs all year round. We currently have leagues for several age groups including 7-9, 10-12, 13-15, and 16-19. We also run a Learn To Play clinic for the 4-6 year old age group.
- ◆ All Players for any age group must fill out a waiver prior to stepping onto the rink. If you need a waiver please ask our scorekeeper or office attendant inside for one. All players 17 and younger will need a parent/ guardian to sign their waiver.
- ◆ We currently sell starter equipment packages inside the pro shop. Packages start at just \$90 and will include everything needed for game play except a stick. There are upgrades to each piece in the package at just \$10 per upgrade.
- ◆ We also run equipment sales throughout the year. Please call to ask about any sales we may have going on at the time.

The players age on January 1st sets their age group for the entire year.
